"We are thrilled that we are not only able to continue our partnership with Kyle, DGM Racing and the Wolfpack Racing team, we are expanding that partnership to include some of the other law enforcement organizations that we work with to keep our families and communities safe," said **Brian Marvel, President of the Peace Officers Research Association of California (PORAC)**. "The law enforcement profession

is not an easy one, and PORAC is proud to offer our members top-notch benefits through our trusts, and to go to bat for our members in Sacramento and D.C. as we advocate for our profession. We are grateful to partner with Kyle and his team to spread the word about these important benefits and our work. Needless to say, we are rooting for him this season.”

PORAC has a 67-year history of advocating for policies and laws that will help officers carry out their duties safely and effectively while also protecting the rights and benefits of the law enforcement community through the PORAC’s trusts – [Legal Defense Fund](#), [Insurance and Benefits Trust](#) and [Retiree Medical Trust](#).

“Throughout my life I have seen the service, sacrifice and dedication that the men and women in the law enforcement profession demonstrate every day and am proud to support organizations that work to protect and support our officers,” **said Kyle Weatherman**. “PORAC continues to be a vital piece to our West Coast races, and I am extremely thankful for their support over the years! I am proud to once again partner with PORAC and help to raise awareness for peace officers across the country about the value of a PORAC membership and the PORAC trusts that are there for officers when they need them most.”
