

March 20, 2020

The Honorable Gavin Newsom  
Governor of California  
1303 10th Street, Suite 1173  
Sacramento, CA 95814

Dear Governor Newsom,

I write to you today on behalf of the Peace Officers Research Association of California (PORAC), representing 75,000 public safety members in over 920 public safety associations across the state of California. I want to thank you for preparing our state as it faces the unprecedented challenges associated with the coronavirus (COVID-19) pandemic.

COVID-19 is not only a public health crisis but is becoming a first responder crisis as peace officers, firefighters, emergency medical technicians, and hospital personnel contract the virus. You know better than most the critical role played by law enforcement in responding to an emergency situation. PORAC is extremely grateful for all your efforts in getting the federal government to increase the supply of personal protective equipment (PPE). This is extremely important as we have seen in Detroit, five police officers have tested positive for COVID-19 and 152 are under quarantine. With numbers like that, California could see entire police departments close if a similar situation happened here.

PORAC is asking that you do everything in your power to immediately establish COVID-19 as a presumptive occupational illness to be covered under workers' compensation. PORAC would also like to request that first responders receive expedited COVID-19 testing if they show symptoms of the virus or have come in contact with a COVID-19 infected person. It doesn't make sense that individual public safety associations should have to meet and confer to facilitate this. Now more than ever, we need our elected leaders to meet this moment and the needs of our first responders. The magnitude of this crisis is extraordinary. In addition, if a vaccine or other medical protocol that mitigates the effect of COVID-19 becomes available, peace officers and first responders should be among the first to receive it.

With the right tools and equipment in place, you, your administration, and the citizens of our great state can have the full confidence that law enforcement and our first responder partners will rise to the occasion and exceed expectations, ensuring our communities are supported during this health crisis.

*Brian R. Marvel*  
President

*Damon Kurtz*  
Vice President

*Tim Davis*  
Treasurer

*Randy Beintema*  
Secretary

PORAC is committed to ensuring that the brave men and women of law enforcement are safe as they carry out their duties, and those brave men and women are dedicated to serving our communities, even and especially in this time of unprecedented global crisis. Our members, and first responders across California, stand ready to meet the challenges presented by COVID-19.

Should you have any questions, please do not hesitate to call me at the PORAC Headquarters (916) 928-3777 or contact our advocates at Aaron Read & Associates (916) 448-3444.

Very Truly Yours,  
BOARD OF DIRECTORS  
Peace Officers Research Association of California
